

ALERT DISASTER CONTROL

Global Emergency Response and Integrated Risk Management Solutions

Suction Hoses

Suction Hoses

Suction Hose sizes range from 2-1/2" to 14.0". Our Aluminum couplings are made from extruded 6061-T6 lightweight aluminum alloy. Threaded and Storz couplings are available and finished as hard coat anodized and laser engraved with a clear understanding of the coupling type and size being provided. All swivels are attached using roller bearings and are supplied as either short or long handle style.

Standard lengths are 10-ft (3m) or 20-ft (6m) sections pre-coupled, to customer requirements.

Suction Strainers

Barrel strainer or with combination foot-valve complete with Female Threaded or Storz couplings. All components are made of 6061-T6 aluminum and are hard coat anodized for added corrosion resistance.

Stainless steel versions also available.

Screens for Valves and Adapters

Zinc plated and or plastic screens available in sizes from 2.0" through 8.0". Custom cuts are also available upon request.
